

LevelState::render

```
graph LR; A[LevelState::render] --> B[LevelState::drawEntities]
```

A diagram showing a call from the `LevelState::render` function to the `LevelState::drawEntities` function. The `LevelState::render` function is represented by a white rectangular box with a black border, and the `LevelState::drawEntities` function is represented by a gray rectangular box with a black border. A blue arrow points from the right side of the `LevelState::render` box to the left side of the `LevelState::drawEntities` box.

LevelState::drawEntities
